

2 July 2024

Dear Parent/Carer,

Wider Learning Week 2024 Year 7 Day-by-Day Reminders

Wider Learning Week (WLW) will run from Monday 8 - Friday 12 July 2024. Your son/ward will take part in a range of exciting activities across the week designed to promote wider understanding, independence, and challenge.

Ahead of WLW, please see below a reminder of the timetable and key points for what is sure to be an exciting and engaging week.

Key Points

- Canteen will be open as normal for on-site students.
- Full school uniform should be worn, and equipment brought as normal.
- Students are allowed to wear plain black trainers for their House Day visit.
- Students will need to wear their **school PE Kit** (House top) to school on whichever day they are participating in **Medieval Sports** (students should bring mouth guard) **and Citizenship Day**.
- Shackleton students will need to wear **school PE Kit** on their house trip
- A packed lunch (FSM students will be provided with one), as well as a bottle of water and suncream needed for House Day visits.
- Students will be meeting in different rooms each day - these will be displayed on screens around the school, so they need to check when they arrive each morning.

Day-by-Day Itinerary

HOUSE	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
Adam	Medieval Sports	Play in a Day	House Trip	Citizenship Day	Science Day
Brunel	Medieval Sports	House Trip	Play in a Day		Science Day
Shackleton	Play in a Day	Medieval Sports	Science Day		House Trip
Turner	House Trip	Medieval Sports	Science Day		Play in a Day

Continued on next page...

Activity Outline

ACTIVITY	DESCRIPTION
Battle Day	Students will learn about the realities of war and stage their own battle.
House Trips	Each House will go a trip to learn about their house's namesake. <ul style="list-style-type: none"> • Adam: V&A Museum • Brunel: Science Museum • Shackleton: Osterley Park • Turner: Tate Britain Museum
Play in a Day	Students will create a performance.
Citizenship Day	Students will spend the day on a carousel of activities facilitated by the police and air ambulance.
Science Day	Three different science challenges involving sports drinks, chemical reactions, and flight.

We look forward to a rewarding week. **Normal high school standards and expectations apply**; any student not meeting these may be removed from activities to resolve any issues and potentially conduct work independently.

Please do not hesitate to contact me or the pastoral team if you have any questions.

Yours faithfully,

Mr J Barry
Wider Learning Week Coordinator

Miss O Thomson
Educational Visits Coordinator
