

**OLD ISLEWORTHIAN RFC**  
**Family Fun 2024 Newsletter**

*“Pooh” said Piglet. “I don’t think chubby bears are meant to be on the bouncy castle”.*  
*“That’s soooo unfair.” replied Pooh. “Why not?”*  
*“Well,” explained Piglet. “A bear’s stuffing is likely to start falling out if he gets too bouncy. Let’s head to the bar.”*

This is just a quick one to remind everyone it is the annual Family Fun Day, combined with Pub Cricket this **Saturday 6<sup>th</sup> of July**. Apart from the cricket, mixed ability touch rugby, bouncy castle, tombola and BBQ there will be a silent auction, a 50/50 Club draw and a skittle alley. There will be various rugby and footie matches on TV and the bar will be open from 12.00 until ..... whenever. Dan the Nev will be spinning the wheels.

There will really be something for all the family.

On Saturday we hope to raise some cash for the club’s coffers but let us remind ourselves that at the last Hawkes Shield Day we raised enough to set up a Charity Fund of £1,500 (endorsed at the AGM), send £800 quid to Gary Street and £2,500 to My Name’s 5 Daddie Foundation for MND. They sent a lovely letter which is attached.

Finally, at the afore mentioned AGM Huw ‘Splash’ Davis retired as Hon Secretary, having supported at least six different Chairmen. I would like to offer the Club’s gratitude and my personal thanks. He will still be very much around and will be handing over to Ollie Peach over the coming months, so congrats to him.

Anyway, see you Saturday.....

# ACKNOWLEDGEMENT

## OF DONATION

This Acknowledgement is Presented to:

*Old Isleworthians RFC*

For donating **£2500** to My Name's 5 Doddie Foundation in memory of former player Tony Hawkes. Thank you for such a kind and generous donation. Since the Foundation began, we have been overwhelmed with an outpouring of love and support and we are grateful for you choosing to support us in Tony's memory.

We really could not continue funding vital research and supporting people living with MND and their families without such a supportive community around us. Donations like these help allow us to remain committed to, one day, finding a cure.

*Nicola Roseman*
